Association pour la Sauvegarde des Lémuriens de Madagascar

EDUKABIDY - ALIMENTATION (dès 3 ans)

Comment procéder ?

- 1) Si vous n'avez pas encore imprimé es cartes-alphabet en RECTO pour Edukabidy – ANIMAUX (sinon c'est inutile) : imprimez-les, plastifiez les (pour une bonne conservation) et découpez les cartes plastifiées.
- 2) Imprimez les mots recto-verso* (les mots ont été choisis pour pouvoir être reproduits avec les lettres présentes)
Plastifiez les mots et découpez-les
ou placez les mots dans des pochettes plastiques*
ou montrez les mots avec votre téléphone*
* des propositions sont faites pour réduire le coût

3 types de cartes-alphabet :
VERT : voyelles
ORANGE : consonnes
BLEU : lettres en plus dans l'alphabet latin

Comment utiliser les cartes ?

- 1) Mettre les cartes de l'alphabet dans l'ordre
- 2) Repérer les voyelles et les mettre dans l'ordre
- 3) Reproduire les mots avec les cartes-alphabet
- 4) Apprendre les syllabes
- 5) Associer les mots malgache/ français
- 6) Former de nouveaux mots (il faudra peut-être réimprimer les lettres pour avoir des lettres en double)

D'autres mots seront proposés avec des thèmes différents
